CAUTION - EXTERNAL:

Lynsie,

Can the court and Honorable Judge Oberge say with certainty that she signed the document if you have no record of actually receiving it?

How can you confirm the zoom call took place? Are you able to provide the emails surrounding setting up the zoom call please?

Thank you,

Allison Baver

I don't have the emails from 4 years ago, so I don't know the exact time it was sent. The correct application and warrant were signed on 10/9/20 at 2:20 pm. The zoom call occurred at that same time. The document was signed by Judge Oberge. The mistake was made at the time the document was added to the docket not at the time of signing.

Thanks,
Lynsie

CAUTION - EXTERNAL:

Lysie,

The time this all occurred is critical. Can you please elaborate on what you mean? Are you in essence saying that the court added an application for a seizure three years later that it is actually has no paper-trail, record or proof of it actually occurring? The court would have had to be sent the correct application for it to be signed, correct? And the zoom call would have had to occur for the judge sign the document, correct? I hate to ask, but is it possible this document was signed by someone other than Judge Oberg if the court has no record of its existence?

Thank you,

Allison

Hi Lysie,

Thank you for explaining and getting back to me.

What day/time did the court receive the correct application/affidavit? Can you please provide a copy of the correspondence you received to show the day/time it was sent in to prove exactly when you received it?

Can you please share the courts correspondence to set up the zoom call?

Thank you,

Allison

Allison, sorry for the delay. I have been out of the office. Judge Oberg signed the warrant at 2:20 pm. So, the zoom call would have been around that same time.

Thanks,
Lynsie

Dear Lynsie,

Thank you for getting back to me. What time was the correct seizure warrant affidavit and correct seizure warrant application filed on 10/9/2020? What time did the zoom call take place? I hope you could please look back at emails and your records to please help determine when the zoom was set up and what time it occurred. I am trying to figure out the timeline and time stamps for everything. Please know, I'm an

interested party in the case and not the public and greatly appreciate your help.

Sincerely,

Allison Baver

Good afternoon, the clerk's office forwarded me your request for information. It appears that you are requesting a transcript from a zoom call on 10/9/2020. We do not record or provide transcripts for these types of calls. They are sealed to the public. You also had a question about the "correct" application. It was filed by the government on 10/9/2020. The clerk who entered the document attached the incorrect document and it has since been corrected.

Thanks,
